Activities Committee Report

With three events under our belt, this season has started out with a bang. I would like to thank all of you that spent your precious time planning, setting up, serving, cleaning up and anything else I don't know about. Your time and talents were appreciated by all of us.

A number of renters have asked me what facilities they may use in the resort. As a renter you may use all of them. This includes the fitness center, both swimming pools, horse shoe pits, bocce ball courts and putt putt golf course and you may attend any and all activities and events. The only area **you may not enter**, without an owner with you, is the kitchen/living room area in the Club House.

Don't forget owners, you may reserve the Club House or Activities Center for private parties. You reserve the Club house with Shirley in the office and the Activity Center with me, Sandy lot 180. Do remember these areas are open to all owners and there may be someone passing through or around your party. We also ask all of you to be courteous and quiet if you need to walk by a private party. All Resort events and activities have priority over a private party.

Owners, you have heard this at board meetings so skip this paragraph if you wish. Renters, it is a state law that you pick up your dog's poo. There are a number of stands around the resort that have small bags to help you do this. Please use them. I thank all of you that are responsible dog owners and clean up after your animal.

Please continue to read the white boards each week for that week's meetings and events and any changes that may have come up. We also advertise which events we are selling tickets for on Ticket Tuesday.

If you have any events you would like to sponsor or activities you would like to start please stop by and talk it over with me. It is amazing what can happen when you sit down and talk to someone.

I hope your stay with us is busy and fun. Enjoy
